Application

Artists from all artistic disciplines (installation, video art, net.art, sculpture, creative writing, architecture, electronic music, painting, drawing, performance, photography, etc.) are invited to send us a proposal with the following documents:

1 // Artistic resume with contact details (e-mail and telephone number).

2 // A portfolio with work samples. This must include a maximum of 10 representative photos in paper format or a CD with photos in digital format; a DVD or music CD with 10 minutes maximum duration; or written documents up to 10 pages in length. (We accept the following formats: jpg., dvd., avi. and quicktime. We can accept neither dia slides nor original works.)

3 // A project description (maximum 1000 words) explaining what the artist wants to realize during the residence. Including a forecast of the supposed expenses and how is he/she going to cover them.

4 // If the artist comes from non-European country, he/she will have to go through the process of obtaining a German Visa valid throughout the time of residence. We offer our collaboration by writing a letter of admission.

5 // The artist must take responsibility to pay individually for the costs of the studio and, in some cases, apartment rent, maintenance, management, transport and travel expenses. Normally the artist will look for a grant in his/her country to finance all the costs, although GlogauAir will do everything possible to facilitate the search for financial Aid, i.e. sending a letter of invitation that endorses the decision of the artist. On the other hand, GlogauAir is constantly looking for sponsor entities to bring granted artists and pay for activities of the residents.

6 // The artists will have to present the finished documentation within the period established by GlogauAir; these dates will be announced under "deadlines" on the web page. A jury formed of professionals from the Berlin art community will choose the admitted artists and the decision will be communicated by e-mail only to the selected artists and will be public in the web. The presented material will not be returned, for which we ask them not to send materials of high economic cost.
